

Amy,

Sorry I have missed you, I tried to call this afternoon around 4:45 but I missed you. The Invoice was given to the clerk yesterday (Tuesday) and they are processing it. I believe we will be on a five year rotation, but the Board will decide that next month, based on your findings. The Halcottsville Water tank is only three years old now so we have couple of years to get that inspected.

I really must comment on the crew that was sent here. They were some of the most professional people I've dealt with. It was a great pleasure watching them work together seamlessly and quickly. They were there to do a job and do it right! I commend your company for having such knowledgeable and courteous employees. I look forward to having Underwater Solutions back in the future.

Terry Johnson, Superintendent
Arkville Water District
