Dear Bill,

I would like to commend you and your staff for doing a fine job of inspecting and cleaning our underground water storage tank last week. The detailed report with photographs of the tank interior was very enlightening to those of us who had no idea of what was there.

It was a pleasure to work with a company that delivers what they say they will, a well-done professional job.

Please feel free to use this letter for reference purposes and I would be happy to relate our experience to any prospective customers.

Sincerely

Joseph Kostiuik, Jr.
